**#TBT:**

#TBT The Institute empowers youth leaders to envision a vision for the future and share it with their leaders. Youth leaders in Vieques, Puerto Rico created a [2020 Report for Sustainable Development](http://vyli.com/2020-report/) describing their vision. First they created [The Challenges Facing Vieques Youth](http://vyli.com/the-challenges-facing-young-people-vieques/); then interviewed community leaders, & researched innovative solutions. They crafted a powerful presentation for the Mayor and Governor in San Juan. They challenged their leaders to protect their communities’ fragile ecosystems, provide for families, create opportunities for children, and build a just, equitable, and sustainable future.
