

The Stone Soup Leadership Institute's
Climate Education Teacher Training
Salem State University
October 19, 2024

Congratulations on being nominated to serve as an outstanding teacher from your school and community.

The climate crisis challenges each of us to do whatever we can to help our children, our communities, and the planet. As educators, we have an opportunity to respond in a thoughtful, empathic, action-oriented way.

Awakening to the Climate Crisis: Call to Action: Childhood Education International [Read more >](#)

We believe it is imperative that all our teachers are given the tools they need to effectively teach climate and sustainability to the next generation of climate leaders in an engaging way. At a time when teachers need climate education, training, and workforce development, the Institute is launching the *Stone Soup Climate Education Platform*, so educators worldwide will have **FREE** access to our educational tools and trainings. Developed in partnership with young people; tested & vetted with educators in U.S. & E.U. communities, it is aligned with Massachusetts standards as well as NGSS and UNSDG. It is the only comprehensive platform dedicated to climate education *and* sustainable career pathways. At the Institute's Climate Education Teacher Training Program, you will be the first to pilot this dynamic *Stone Soup Climate Education Platform*.

Application: Due September 15, 2024

Please send with your resume and headshot to SalemStatePD@stonesoupleadership.org

We will spotlight our teachers and recognize them in our newsletter and press release.

Reflection Questions

- Why do you want to participate in the Climate Education Teacher Training Program?

• At the Climate Education Teacher Training Program, we will test the Institute's *Stone Soup Climate Education Platform*. You are invited to participate in a 1-2 month follow up program. In addition to ongoing free training and access to the Platform, you will be compensated for your time with gift cards. How interested are you to participate in this ongoing program?

Thank you!
