

Stone Soup Leadership Institute's
Story of the Week: Gitanjali Rao
Week of February 12-18, 2023

Sunday: Story: Gitanjali Rao
@gitanjalirao

READ: How 13-year-old #GitanjaliRao she turned disbelief into action. She was appalled when learned what was happening in Flint, Michigan. “I couldn’t believe kids were drinking lead poison everyday. It was just so unfair.” Gita invented #Tethys, a way to quickly detect lead contamination. Today she is working on solutions for #ClimateChange. Read her story here.
