Honoring Dr. AT Ariyaratne, Sarvodaya

Tuesday: Tribute you to Dr AT Ariyaratne, Sarvodaya, Sri Lanka

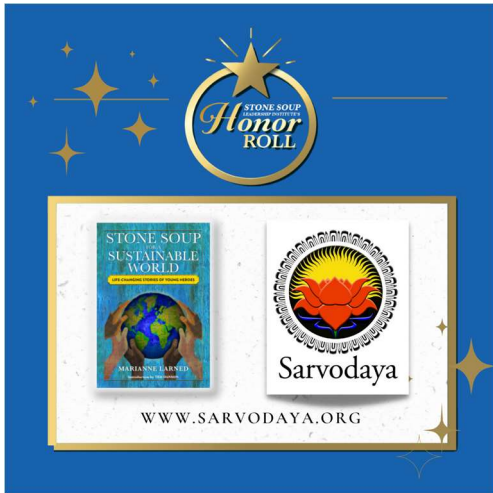

In 2024, the Institute joined with our global community to honor the passing of Dr. A. T. Ariyaratne. In 2018, he invited the Institute's founding director to travel to Sri Lanka to celebrate the Sarvodaya's 60th anniversary with world leaders. He asked her to share his legacy with his grandchildren. We produced this video of him sharing his journey with the Dalai Lama, Deepok Chopra, First Lady Hillary Clinton and world leaders.

Wednesday Honor Roll- Sarvodaya

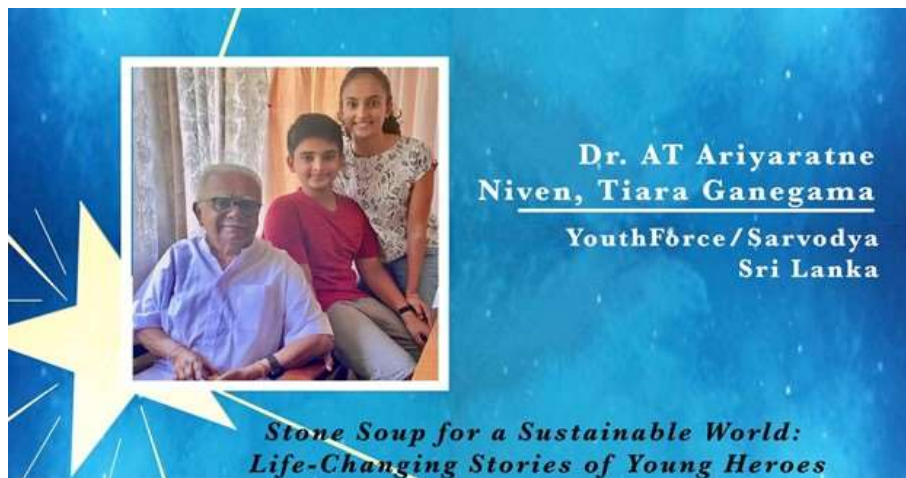

Sarvodaya is on the front lines of the climate crisis rescuing people from the devastation of Cyclone Ditwah – and feeding millions of people every day. Dr. Ari had the idea of bringing upper-caste high school students to help rebuild remote poverty-stricken villages in Sri Lanka. He called his crusade Sarvodaya, a word Gandhi used to mean “the awakening of all.” His students learned practical skills while developing compassion – like the Sarvodaya saying, “We build the road and the road builds us.”
