Aloha,

I am proud to recognize the Hawaii Delegation at this year's Youth Summit for Sustainable Development. The commitment of these young adults to learning about how to build a more sustainable world serves as an inspiration to others in developing a better future for the State of Hawaii.

As Hawaii strives to be a leader in sustainable development and to reach Hawaii's goal of 100% clean energy by 2045, it will take the combined effort of government, the private sector and community to achieve this. Hawaii's Youth Summit Delegates will be part of this combined effort in our communities as they will be able to troubleshoot challenges, and develop strategies to engage youth and local decision-makers while pursuing their own plans for education and careers in sustainability.

I congratulate these young adults on their selection to the Annual Youth Leadership Summit for Sustainable Development and extend my best wishes and warmest aloha for continued success in all their future endeavors.

Sincerely,

A handwritten signature in cursive script that reads "Nicole E. Lowen".
