Lilly Platt

**Sunday: Thrive Global: Caring for the Circle of Life**

**#SundayThoughts:**

Lilly's #environmental #activism began when she was just six years old. When she took a walk with her grandfather, he was shocked to see trash everywhere. Then & there she decided she was going to do something about it. Read her inspiring story here: <https://thriveglobal.com/stories/caring-for-the-circle-of-life/>

#InflationReductionAct #Justice40 #youthstrike4climate #GreenNewDeal #ClimateAction

Policies like the Inflation Reduction Act barely scratch the surface of the scale needed to stop the climate crisis. We are in the midst of a sixth mass extinction yet we still struggle to understand the gravity of this situation. \$370 billion in climate investments & \$60 billion for environmental justice, is far short of the \$2 trillion in climate investments and 52% emissions deductions Biden promised us in 2020.

But now that this policy has passed, my work on the White Environmental Justice Advisory Council kicks in, by applying Justice40 guidelines to direct where all this money should be going to maximize impact for climate-vulnerable communities.

Even with the IRA falling short of our ambitions, let's celebrate this win and the work largely done by climate and environmental justice groups that moved the needle: from indigenous-led resistance to fossil fuel infrastructure and pipelines that put issues of extraction on sovereign land on the table, to black women organizers in Flint who helped place a focus on environmental racism, and the Sunrise Movement who held a sit-in for the Green New Deal and been helping to elect Climate Champions ever since.

You made this win, your vote sparked this first step, your volunteering, your sharing, retweeting, petitioning, marching, striking and more. Led to the largest climate justice bill in U.S. being passed today.

Celebrate and be in community, rest, and get up tomorrow ready to keep on fighting the good fight.

**Thursday Throwback-Martha's Vineyard Beach Cleanups (Carousel)**

Every summer on #Martha'sVineyard, after the tourists leave, people join together to clean up their beautiful beaches. For many years, the Institute's Martha's Vineyard Youth Leadership Initiative worked together with BiodiversityWorks, Tisbury Waterworks, Cub Scouts, schools, and Ocean Conservancy International Coastal Cleanup to organize #beach #cleanups.
